[Issued patents](#)

[Applications](#)

[Storage card with integral file system, access control and cryptographic support](#)

US Pat. 6845908 - Filed Mar 18, 2002 - Hitachi Semiconductor (America) Inc.

BACKGROUND Conventional **handheld** computing devices are becoming more popular.

... The card comprises an authentication engine and **database**, a **file system**, ...

[\[APPLICATION\] ACCESS SERVER FOR CERTIFYING AND VALIDATING DATA IN A PROCESSING NETWORK](#)

US Pat. 12062466 - Filed Apr 3, 2008

1 shows a block diagram of a **system** according to an embodiment of the invention.

... [0027] The **portable** consumer **device** 160 may be in any suitable form. ...

[\[APPLICATION\] Digital rights management system based on hardware identification](#)

US Pat. 10943392 - Filed Sep 17, 2004

[0016] The present disclosure also provides a DRM **system** that includes a hardware **device** ... package is installed on a hardware **device**, whereby the **security** ...

[Digital content distribution](#)

US Pat. 6938005 - Filed Dec 21, 2000 - Intel Corporation

In another embodiment, some or all of .5 the manifest is **encrypted** with a private and/or known ... Tags may also be defined to indicate the operating **system** ...

[Enhanced gaming system](#)

US Pat. 7294056 - Filed Dec 23, 2003 - GameTech International, Inc.

By issuing a digital certificate to GTI Hall CA 1820, the gaming **system** can ...

Handheld and **portable** units on which wireless communications have been ...

[\[APPLICATION\] Process for securing the access to the resources of an information handling ...](#)

US Pat. 11292181 - Filed Dec 1, 2005 -

[0020] The invention significantly increases the **security** of the **system** by involving two successive qualification and **validation** processes. ...

[Method and apparatus for validating security components through a request ...](#)

US Pat. 7206941 - Filed Apr 30, 2003 - ContentGuard Holdings, Inc.

For example, the Windows™ operating **system** identifies **file** types by **file** extension. ... **device** or data terminal, such as a personal computer, a **portable** ...

[\[APPLICATION\] Methods and systems for providing access control to electronic data](#)

US Pat. 11889310 - Filed Aug 10, 2007 - Guardian Data Storage, LLC

[0191] The present invention may be implemented as a method, a **system**, ... **encrypted security** information with access rules controlling access to the data ...

[Control of programmable modules](#)

a security validation system with encrypted d
